### CARLETON FOOTBALL SCHEDULE.

The following schedule of games has been arranged by the management of the Carleton football team for the fall season:

October 16—Delmar Athletic Club at Farmington.

October 21—Rolla School of Mines at Rolla.

October 29—Barnes University at Farmington.

November 6—St. Charles Military Academy at Farmington.

November 13—Washington University at St. Louis.

November 20—Shurtleff college at Farmington.

Carleton played Cape Normal at Cape Girardeau last Friday, winning by 10 to 6. Besides the above a Thanksgiving game will also be arranged, and probably one or two more games for October.

### The Best Plaster.

A piece of flannel dampened with Chamberlain's Liniment and bound on to the affected parts is superior to any plaster. When troubled with lame back or pains in the side or chest give it a trial and you are certain to be more than pleased with the prompt relief which it affords. This liniment also relieves rheumatic pains and is certain to please anyone suffering from that disease. Sold by E. M. Laakman.

The Festus Foot Ball Team went over to Farmington Saturday to play foot ball. When they got there, there was not a man to meet them. They found their way to a hotel, and when they got ready to go to the grounds they had to hire some boy to show them the way to the play grounds. After they got there they were treated royally to a good defeat, 21 to 0. R. F. Berry, manager brought them home on a special. Such was the experience of the Festus team at Farmington last Saturday.—Festus News.

That does look like a rather discourteous reception to the visiting team, but the captain of the Carleton team, Philip Pipkin, is employed at the National lead works at Flat River and could not get off in time to meet the visitors. This, however, hardly excuses the other members of the team, who ought to have met the visitors and extended the usual welcome. The oversight was perhaps more thoughtless than intentional.

### CHEAP LAND INVESTMENT.

Missouri River bottom land in Boone County is held at \$25.00 an acre, although all the crops were destroyed by the flood last month. The owner says if he can get one crop in three from the land he can make money.—News Item.

I have 536 acres of the same class of land as the above, situated on the Mississippi river in New Madrid county, which can be bought for very little money. It is mostly all accreted land and is thickly set with young cottonwood and sycamore timber. The rapid growth of this timber will make good interest on the investment, or the land can be cleared and made fine farming land, as it is of a quality equal to the celebrated rich land of the Valley of the Nile. About 50 acres are now in cultivation. This is a bargain for some one who wants a good investment.

### Order of Publication.

STATE OF MISSOURI, ss.  
County of St. Francois.  
In the Circuit Court of St. Francois county, Missouri, to the November term, A. D. 1909.  
S. F. Thurman and Stephen Cole, Plaintiffs,  
vs.  
The unknown heirs, devisees and assigns of Thomas Brown, deceased, the unknown heirs, devisees and assigns of Elizabeth Long, deceased, James Long and John O. Long, Defendants.

Now at this day come the plaintiffs in the above entitled cause, S. F. Thurman and Stephen Cole, in person as well as by attorney, Edward T. Eversole, in the above entitled cause before the Clerk of the Circuit Court of St. Francois county, Missouri, in vacation, and file their petition, alleging under oath among other things that they are the owners in fee simple and claim the title to the southwest quarter of section 29, Township 18 North of Range 1 East, in St. Francois county, Missouri.

And further alleging that there are persons interested in the subject matter of this petition, as defendants, whose names they cannot insert therein because the same are unknown to them; that said unknown persons claim to derive their title or claim as co-heirs, devisees, donees, legatees and immediate, mesne and remote, voluntary and involuntary grantees of Thomas Brown, deceased, and that said Thomas Brown entered the said land and premises from the general government, by patent, dated July 12th, 1834, as appears from the plat book in said St. Francois county, Missouri. And further alleging that there are persons interested in the subject matter of this petition, as defendants, whose names they cannot insert therein because the same are unknown to them; that said unknown persons claim to derive their title or claim as co-heirs, devisees, donees, legatees and immediate, mesne and remote, voluntary and involuntary grantees of Elizabeth Long, deceased, to whom the said land was purported to be conveyed by deed from James A. Shields and wife, dated May 18th, 1835, and recorded in book 28 at page 28 of the deed records of St. Francois county, Missouri, and by a certain deed from said John Johnson and husband to Elizabeth Long, dated December 4th, 1835, and recorded in book 28 at page 47 of the deed records of said county.

That defendants and all of them claim some title, interest and estate in and to said premises, the nature and character of which is unknown to plaintiffs, and cannot be further described, and that before the time stated, and that said claim is adverse and prejudicial to the title, interest and estate of plaintiffs in and to said real estate, which is all the interest of said defendants, said unknown parties, and how such interest and claim are derived, so far as known to plaintiffs, or their knowledge extends.

It is therefore ordered by the Clerk aforesaid, in vacation, that publication be made notifying the defendants, the unknown heirs of Thomas Brown, deceased, and the unknown heirs of Elizabeth Long, deceased, that an action has been commenced against them by petition in the Circuit Court of St. Francois county, Missouri, the object and general nature of said petition being to determine interest and quiet to the aforesaid real estate, as hereinbefore set out and described, and that unless the aforesaid defendants be and appear at the next term of said court, to be holden in the city of Farmington, in the County of St. Francois, in the State of Missouri, on the second Monday, in November, 1909, and answer said petition, or the said petition will be taken as confessed.

It is further ordered that a copy hereof be published in the Farmington Times, a newspaper published in the said county of St. Francois, for four weeks successively, the last insertion to be at least four weeks before the commencement of the next term of the said Court, November 8th, 1909.

A true copy. Attest: C. P. WILKISON,  
Clerk of the Circuit Court.

Sept. 3, 1909.
